NOTICE REGARDING INCORRECT CHANGE OF POWER OF ATTORNEY

Applicant's representative has received a Notice dated December 9, 2004 indicating that the Power of Attorney in the above-referenced application has been revoked in favor of a new attorney. Applicant notes that this is incorrect and that there is some error with regard to the change in Power of Attorney. Possibly, a change of Power of Attorney which was intended for a different application has been entered in the records of the present application.

Applicant's representative attempted to review the alleged Change of Power of Attorney using the image file wrapper of the Patent Application Information Retrieval System. This indicated that there was no such document. Applicant's representative telephoned Examiner Victor Sakran who also noted that he had no ability to view any Change of Power of Attorney and that it appears there is some error. Applicant notes that the Applicant has indicated that no Change in Power of Attorney has been requested and that they are astonished that the

Notice of such was sent by the U.S. Patent and Trademark Office as there has been no change in Power of Attorney.

It is requested that the Patent Office correct their records with regard to the attorney of record in this case. It is also requested that the correspondence address be changed to
